

Glen Eden Intermediate School

2019 Stationery Requirements

Dear Parents/Caregivers,

Please find overleaf your child's requirements for stationery for 2019.

Whilst you are free to shop wherever suits you, we encourage you to use Warehouse Stationery and use the voucher below. We are excited to be a part of the **Support Your School™ Programme with Warehouse Stationery**. The rebate scheme will help our School raise vital funds to purchase new resources for our children, at no extra cost to you. All parents and members of the public can nominate our school at one of 66 nationwide stores, or you can enter our **unique code** **BYS260F** while shopping online. Warehouse Stationery offer online shopping and delivery and a click & collect option.

The school shop will have stock available for top ups throughout the year, at very competitive prices. Should you already have some of the items on the list you will not need to purchase these.

We hope this system will facilitate a smooth and speedy start to 2019 for your child and the school. Please ensure that your child's belongings are clearly named.

B.Y.O.D Devices & Mobile Zone

It is highly recommended that students at G.E.I.S bring preferably a **Chromebook** or **similar** to school everyday for learning. It's really important that you set up your chomebook correctly for your child so that you are the administrator of your child's device. No child should have a personal email until they are 13 years old.

[Please visit the school website for instructions on how to do this.](#)

Our goal is to protect every student from online harm while still allowing them to take advantage of the incredible possibilities the Internet has opened up. That's why we've partnered with Family Zone, New Zealand's leading provider of cyber safety and digital-awareness tools and services.

We need your participation.

Concerned about any of the following?

- Social Media
- Screen time
- Sleep
- Distraction
- Gaming
- Innapropriate Content

The School will work with **Family Zone** to create a private Family Zone account for every family. Parents who purchase a Family Zone Pack for their children, will then be safe when accessing the internet, on any personal device or mobile phone, and any network, home or school wifi.

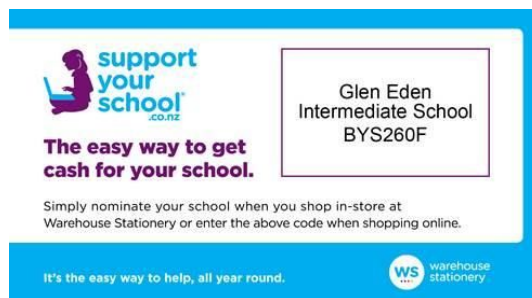

This will give parents filtering/safe search, visibility and control over your child's laptop or tablets & cellphones while using the internet at home or when out and about.

Cost: \$59 for 6 licences that cover any 6 devices or mobile phones. (per annum)
These can continue if your child moves to another school.

For more information and how to sign up please visit: www.familyzone.com/geis-school-nz

Thank you.
